Change view

Right click and drag to shift

Right click + Shift
drag to rotate

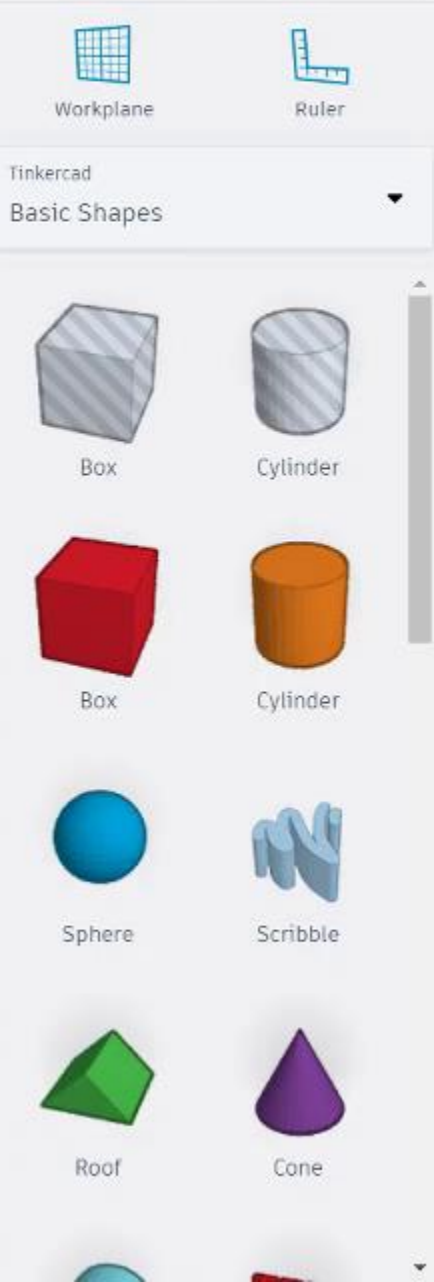

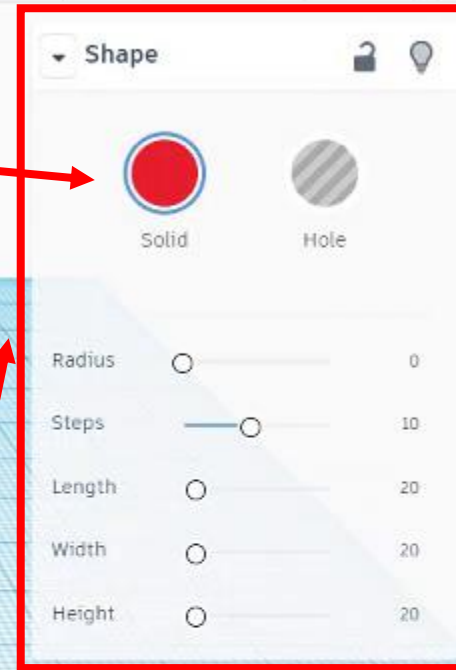

Scroll wheel to zoom

Here display the
present view, drag or
click here to change
view

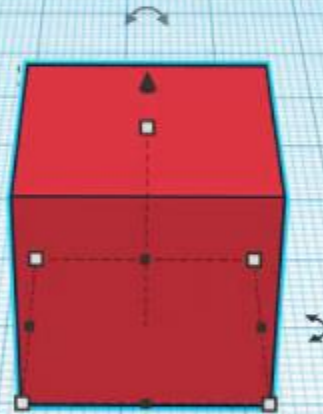

**Solid and Hole are
two properties of
a shape**

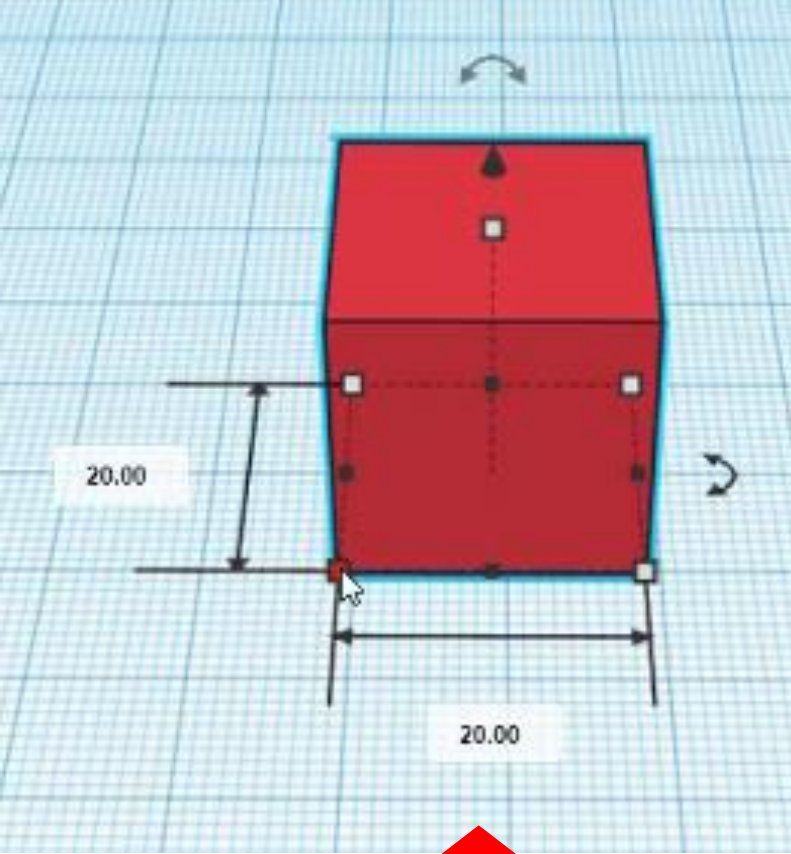

**Drag a shape onto workplane,
parameter window of "Shape"
is popped out on the right**

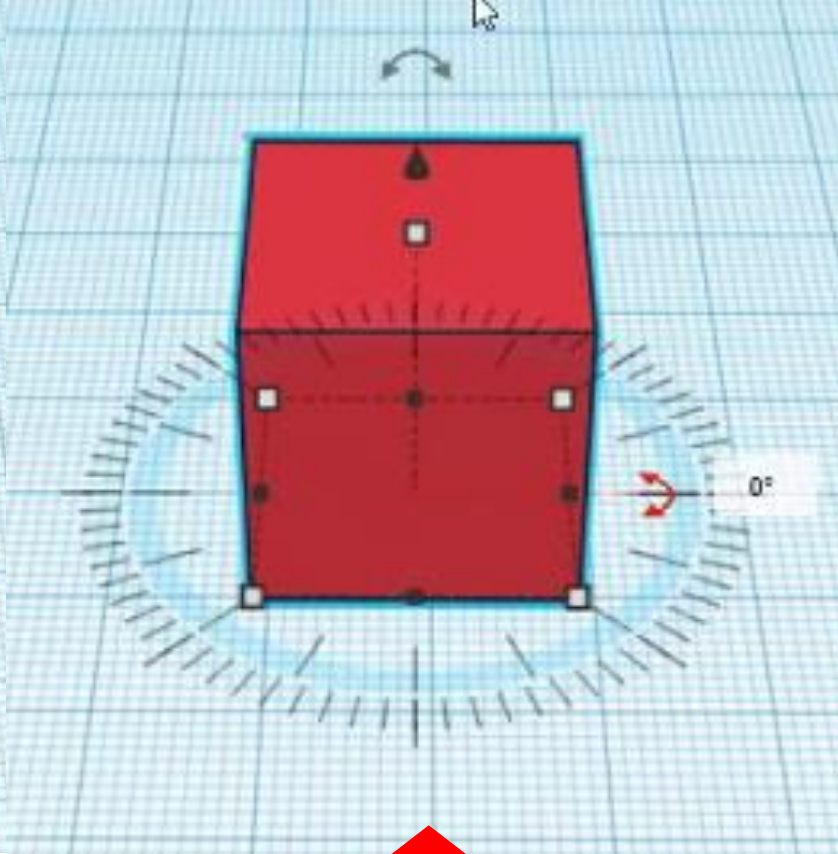

Edit Grid

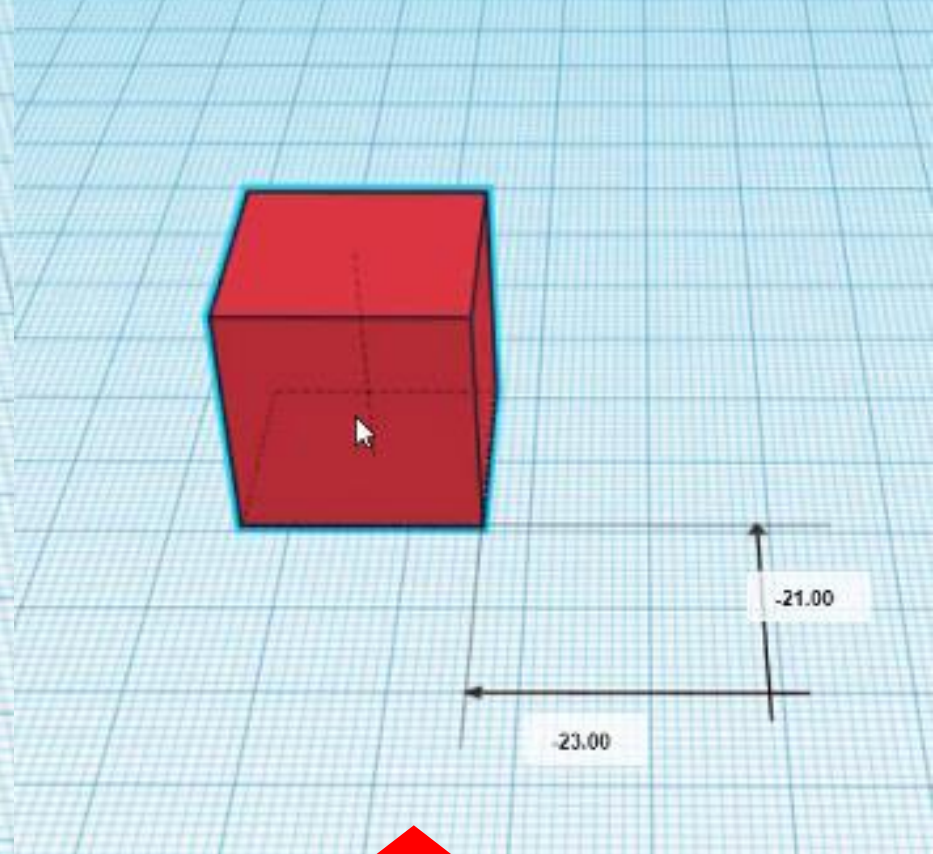

Snap Grid 1.0 mm

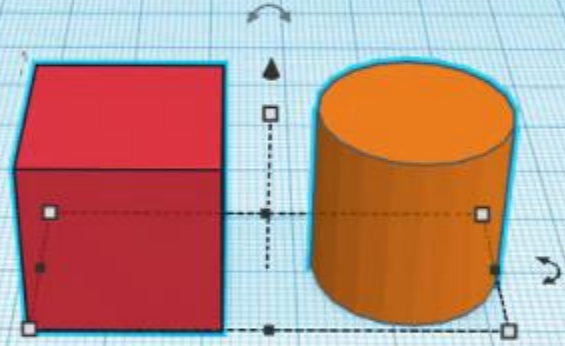

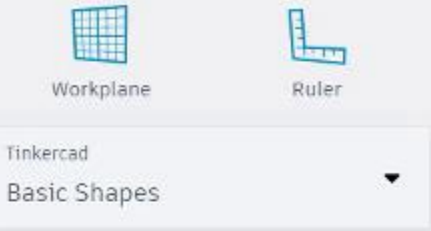

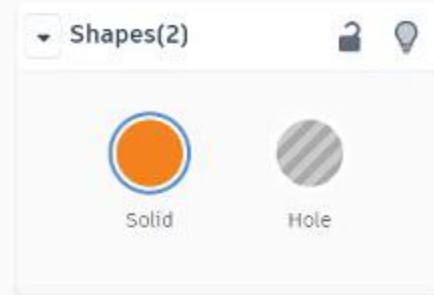

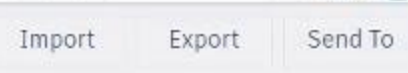

**Click small square
in the corner to
change dimension**

**Click two-sided
arrow to rotate**

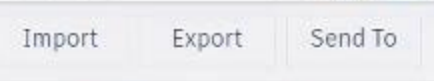

**Left click and
drag to shift**

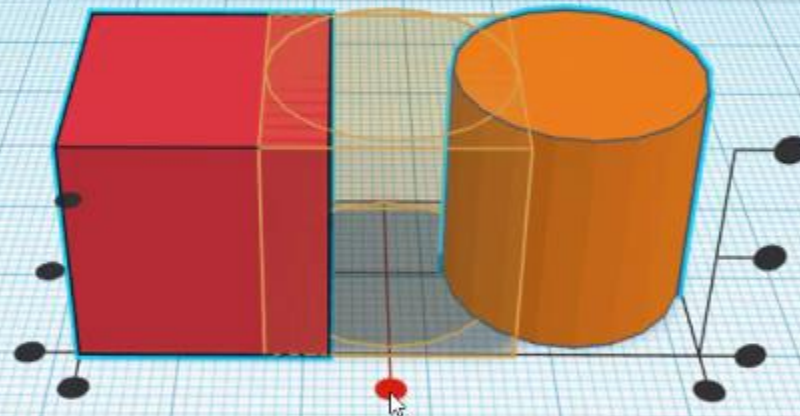

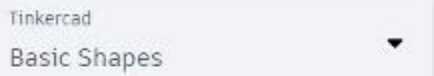

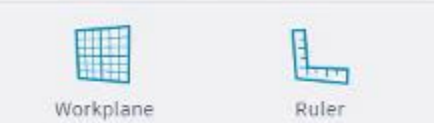

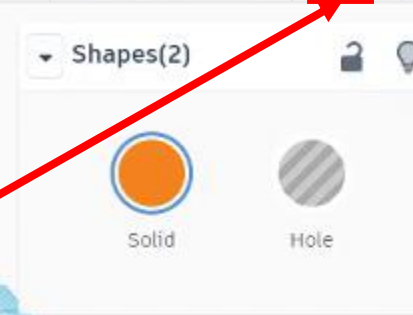

Left click + shift to select more than one shape

Edit Grid

Snap Grid 1.0 mm

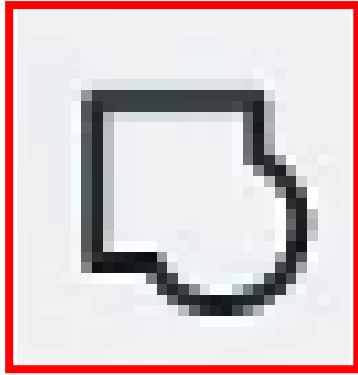

Align multiple shapes on different axis after multi-selection

Edit Grid

Snap Grid 1.0 mm

Group multiple shapes together by clicking this button. Subtraction occurs when grouping solid and hole; and one solid is combined when grouping two solids.
